Welcome Harmony

Please join us in welcoming our new Hearing Care Technician, Harmony Toner.

Harmony comes to us from a great background, most recently working at Emerald Physicians. Looking for a new opportunity with room to advance and grow, Harmony is eager to have a more hands on role, with the ability to continue to focus on patient care.

As a wife and mother of three boys (and two cats), her downtime includes spending time with family. If she's not watching the boys play sports or playing the guitar, she simply enjoys spending time making each other laugh.

Harmony works Mondays and Thursdays in our Yarmouth Port office, and in Mashpee on Tuesdays, Wednesdays and Fridays.

Music to Our Ears

Speaking of **harmony** (ok, we couldn't help ourselves!)... did you know that MUSIC can help keep your brain young?

Since we actually **hear** with our brain, this is especially good news. And what better time than the holidays to indulge in music. See what the experts say – and how you can use music to support healthy hearing.
